Evidence of Success: It is observed by performing various activities in the neighbouring society, Institute has got appreciation by renowned government and non-government agencies in terms of appreciation letters and awards. It is worthwhile to mention that, local media also covered many of the activities mentioned under this practice.

Academic Year	Number of Activities	Awards/ Appreciation Received
2021-22	60	06

Problems Encountered and Resources Required:

- As the village folk are conservative, they participated in our campaigns & rallies in a less number. Our faculty and students took great pains in motivating them to take interest in their campaigns.
- Funding is the major issue for doing activities on large scale.
- Sometime our NSS/NCC conduct camp at remote villages where all the necessary things such as grocery, vegetables and medicines are not easily available. So, arranging these things is really challenging.

No. of Participants: 1540

No. of Models: 800

Objective of the Practice:

- The main objective of this exhibition to develop interest among the students in the field of science, technology and various aspects in the present scenario at the inter-university level.
- It provides an opportunity to the students to explore their talent and mettle through working models.
- To enhance their personality development through the presentation of the models.
- Students are motivated to participate in this exhibition in huge numbers to explore their inner talent and skill in the field of science, technology commerce and social sciences in order to achieve their respective goals

The Context:

To provide opportunities to excel the innovative qualities among the students through the working models.

The Practice:

The Arts, Commerce, Science exhibition which is popularly known as "SCINEX MELLENNIUM" are organized only in our institution and Chhattisgarh state. The outcome of this exhibition is to provide students to excel their creativity and innovation in the field of Arts, Commerce and Science not only in our institution but at the inter-university level. The models were evaluated by the external experts from various colleges and university and results were declared accordingly.

Evidence of Success:

Academic Year	Number of Models	Number of Participants
2021-22	800	1540

Problems Encountered and Resources Required:

- As the number of models are huge number so, we are unable to accommodate all the models in our exhibition.
- Funding is the major issue for organizing exhibition on large scale.
